This is a final office action for application number 10/755,747, Automotive Gauge Mounting Bracket with Frictional Fit Apertures, filed on January 12, 2004.

Election/Restrictions

Newly submitted claims 14 and 15 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the invention in claims 14 and 15 are drawn to a method of installing automotive gauges in an automotive vehicle and the previous claims are drawn to the structure of the automotive gauge assembly wherein the method of installing can be used for a totally different object such as a speaker being installed in the aperture of a housing in an automotive vehicle.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 14 and 15 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

Claims 1 and 3-13 are allowed.

Response to Arguments

Applicant's arguments, see remarks, filed January 22, 2007, with respect to claims 1 and 3-13 have been fully considered and are persuasive. The rejections of claims 1 and 3-13 have been withdrawn.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
